

## Steve and Tiffany

We are both anxious to become parents and think that adoption is a wonderful way for this to happen. We plan to provide our child with a loving and supportive home where he/she can reach their goals. In addition to having two loving parents, our child will have a strong and loving extended family.

Steve works at a bank and Tiffany is planning to be a stay-at-home mom.

Steve enjoys golf and basketball, and Tiffany enjoys cooking and reading

We have a large extended family - They are very excited to have a new family member!
